New Sculpture Update for 2008..

We're well into 2008 and I hope this finds you healthy and prosperous and ready for a great summer of '08. I'm finally sending a sculpture update of recent sculpture releases.

Most of all I'm very excited to announce the release of my *Navigation* series. This is a series of 4 figure sculptures each depicting a nautical action yet used as a metaphor for life change. All of the sculptures are based on a 24" figure and the combined series took a substantial amount of my time to complete in 2007.

Sandy and I were recently certified to sail up to 35' sail boats. We really enjoy sailing in the San Diego bay, and this interest definitely played a part in my creation of the *Navigation* series. I hope you enjoy the new sculptureseries as much as I do.

Looking forward to seeing many of you this summer!

Best Regards,

GREGORY READE SCULPTURE

"ENGAGING CONVERSATION"

Collected here are the images of the latest editions from Gregory Reade Sculpture in 2007-08.

Engaging Conversation is a lighthearted recreation of a man and woman enjoying a glass of wine in Napa Valley. Allure & Competitive Edge are two female sculptures exploring the seductive and professional sides of women. Jesse & Athena are both figure studies of popular models I've used, completed in a painterly style reminiscent of impressionism.

Sunrise Ski was commissioned as a gift for Mike of Colorado, an avid water skier. This piece was conceived and completed based on photos of Mike making an awesome rooster-tail of water on a slalom ski.

Sandy and I enjoyed the privilege of seeing so many patrons at my solo gallery shows in Bakersfield and Scottsdale. At the Rive Gauche gallery in Scottsdale the *Navigation* series was unveiled to an enthusiastic reception by patrons and attendees alike.

A special thank you to those of you who have shared photos of your "G.Reade" sculpture in your homes and offices. Your recommending my work to your friends and associates always means a great deal to me and helps to revitalize my passion for my sculpting!
